

SPORTS FESTIVAL

AKEBI SPORTS FESTIVAL is held in October every year. Among all the AKEBI events, the SPORTS FESTIVAL is one of the biggest events.

All the students are divided into two teams and aim for victory,

In the SPORTS FESTIVAL, different classes cooperate.

There are interclass matches, so we have many chances to talk with all the students. We can enjoy them a lot.

There are obstacle races, three-legged races, relay, tug-of-war, tire collecting, mock cavalry battle, and folk dancing at the SPORTS FESTIVAL.

There are separate competitions for boys and girls.

Girls play tires-collecting, while boys play mock cavalry battle. Girls carry tires and take them to their positions. When we take a tire for our team, we get more points. If we get more points, we can win.

Mock cavalry battle has 3 types of battle; one to one struggle, chief battle and round robin. The rider puts on a cap. If you get an opponent cap, you can win. You can win if you defeat a chief in the Chief battle. You can win if you get all the mock cavalry in round robin.

We eat tonjiru made by our mothers for lunch. It is really delicious. So everyone loves it.

In the afternoon, we have a class match. It is an interclass relay race. Each classroom practices hard for this race. It is really fun!

The last event is folk dancing. Everyone makes a big circle on the school ground. We dance with everyone for about an hour. We can talk to many older and younger students. It feels great when we finish dancing.
