

# ART WATCHING

We have ART WATCHING every year.  
Students can watch professional artists in autumn.

## Tsukinosanpo

When we were in 1st grade, we watched Tsukinosanpo and someone draw pictures. Tsukinosanpo is a band. They play music that is played all over the world. They play music with a violin, guitar, and other musical instruments. When they played music, a painter did live painting. It was an artistic and powerful performance.

## Lion King

In 2017, we watched “Lion King”  
We went to Shiki Theater in 12 buses!!!!  
The performance was wonderful and impressive.  
Young Simba was very cute.  
In earnest the musical was amazing.  
It was a nice experience. We want to go there again!!!!

## Japanese Flute and Drum

We watched a Japanese flute and drum performance this year.  
The man playing the Japanese flute was Sato Bunta.  
The man playing the Japanese drum was Hayashida Hiroyuki.  
We did not only watch. We experienced the Japanese flute and Japanese drum too. It was wonderful.

Students were impressed every time.  
We are looking forward to ART WATCHING again next year.
