

Tomorrow House

“Tomorrow House” is the dormitory in Noboribetsu Akebi Secondary School from first grade to sixth grade.

It has **53** students. Teachers stay in the dormitory everyday. Students need independence, because they leave their parents.

Dormitory stands near our school.

We can interact with various grades.

So, we have a good environment for learning.

We can ask questions to teachers and seniors.

Curry is the best dinner in the dormitory.

Example beef, pork, chicken and seafood.

Sabamiso and omelettes are very good too.

The dormitory has a lot of events which are very fun!!

For example, the ball game tournament, yakiniku interaction with community people and Christmas party. Etc.....

The Christmas party has many programs like a buffet, present exchange, and recital for each grade.
